Dear Mr Guo

Re: The 2016 Bernhard H Neumann Prize

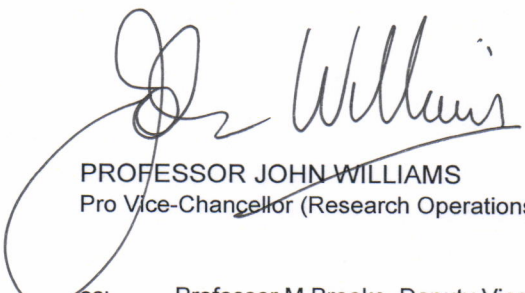

I am writing to extend my congratulations on being awarded the prestigious Bernhard H. Neumann Prize for the most outstanding talk presented by a student at the Annual Meeting of the Australian Mathematical Society.

I have read the criteria for selection and appreciate the breadth of skill and talent that is required to win this Prize. You should be very proud of your efforts.

I also note the previous winners and the fact that you are only the second winner from the University of Adelaide behind Samuel Cohen who is now an Associate Professor in the Mathematical Institute at Oxford University.

Again congratulations on this Prize. I look forward to following your career, which I have little doubt will be very bright.

Yours sincerely

PROFESSOR JOHN WILLIAMS
